

### Jinured civilians who targeted by Turkish Occupant Army

**26-2-2018**

Since 20-1-2018 the bombardment on Afrin region hasn't stop, result of more civilians sacrifices, the Turkish war equipment don't do wrong in targeting the residential areas by all military attacking means, in this file we will bring several cases of civilians who are heavily injured in different areas and villages in Afrin.

**Haj Khalil village:** in 25<sup>th</sup> of February 2018, Turkish occupant army bombed Haj Khalil village in Rajo shire, and the civilian Shukri Ali Hajiko, 57 years old from Haj Khalil village in Rajo shire heavily injured, he was burned in his face and all other parts of his body.

His burning wasn't cause of normal cannon because his case was strange, usually the cannon bombe and turned into fragments, but civilian Shukri case is different so it indicates to strange material during the bombardment on the village.
